Convergent Boundaries

Convergent = come together

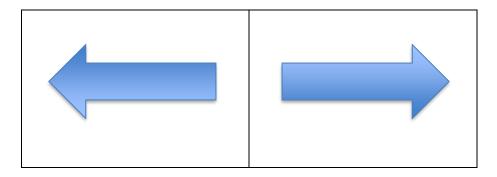

Features formed at convergent boundaries

Name of	Plates Involved	Drawing
Feature Mountains	continental & continental	Continental crust Lithosphere Asthenosphere Ancient oceanic crust
Volcanic arc (chain of volcanoes)	continental & oceanic	Oceanic crust Continental crust Lithosphere Asthenosphere
Volcanic islands	oceanic & oceanic	Oceanic Lithosphere Asthenosphere

Divergent Boundaries

Divergent = divide

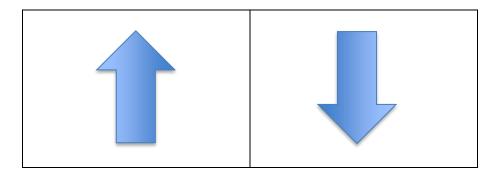

Features formed at divergent boundaries

i caiores forme	ediores formed at divergent boundaries		
Name of Feature	Plates Involved	Drawing	
Rift valley	continental & continental	Rift valley Continental orust Martie	
Mid-ocean ridge	oceanic & oceanic	Oceanic crust Magma Lithosphere Asthenosphere	

Transform Boundaries

Transform = slide past each other

Features formed at transform boundaries

Name of Feature	Plates Involved	Drawing
Faults and earthquakes	continental & continental	Lithosphere
